Harding Accuses Democratic Party
of Failure to Put Its Policies
Clearly Before People

DEMANDS AN ANSWER

Nominee Declares He Has Proposed
a Definite, Constructive Re-
publican Policy in Campaign

Marion, O., Oct. 24.—Accusing the Democratic party of failure to place its policies clearly before the people, Senator Harding asked in a statement tonight that his opponent make answer to numerous charges he has brought against him during the campaign.

At the same time, the Republican nominee restated his own position on various issues and declared that in his public utterances he had proposed a definite constructive policy to "bring the people out of a jungle of mismanagement."

Extravagance, unpreparedness for both war and peace, overcentralization of power, unnecessary taxation, unground industrial policies and "grotesque inefficiency" were among the accusations which Mr. Harding said had not yet been answered by the Democrats. As to the league, he said he was wholly against the Democratic program, but believed there was "full expectation of becoming a member of the wise association of nations."

Charges "Gross Mismanagement."

The senator's statement, addressed to the people, follows in full:

"I believe that the men and women of this country are entitled to receive from any political party, seeking their support, a clear answer upon the pre-eminent issues which affect the future course of America."

"Seldom in the history of our country has there been such an avoidance of this duty upon the part of any candidate as has been evident among our opponents."

"The American people are satisfied that the conduct of our domestic affairs has been grossly mismanaged. They hunger for a constructive American policy. It has been my sense of obligation to treat with clarity and definition the Republican plan for guiding our house in order. I call upon the Democratic party to answer the charges that its management of domestic affairs has brought us to the brink of an industrial crisis in 1914 from which only world war saved us, and is even now leading us toward another precipice."

Toll Has Been Heavy.

"There has been no answer to the well known fact that they have cost America untold billions of dollars and the precious lives of our sons by unpreparedness for war persisted in for political expediency."

"They have made no answer to the charge that they were equally unprepared for peace and reconstruction."

"They have made no answer to the charge that their experiment with the American railways, their industrial policy, and their maintaining in the federal government hundreds of thousands of unnecessary employees have put the taxpayers of this country a fearful financial burden which our men and women and even their children will have to pay."

"They have made no answer to the charge that their rule has been one of gross and inefficiency."

"They have made no answer to the charge that during the control which they now seek to perpetuate, they have prevented the form of government of our republic and overruled the purpose of our constitution by maintaining extreme, undemocratic centralization of executive power which would have been an offense to Thomas Jefferson and to Governor Cleveland as much as it would have been to Washington, Lincoln and Roosevelt."

Advocates Constructive Policy.

"I have spent this campaign in setting forth a constructive Republican policy. I have demanded the restoration of the constitutional government of a representative democracy, which shall represent the will of the people coming up from the people, rather than the will of one man government standing toward the people."

"I have stood for more business in government and less government in business. I have demanded the restoration of administrative government so that it shall become a source of help to the American spirit of industry and will remove the strain from the taxpayers."

"I have set forth a plan for the conservation of our human resources and one for the development of our natural resources. I have suggested plans for the protection of motherhood and childhood and for the alleviation of human suffering at home and in America. I have discussed in full a policy of reclamation, irrigation and development of natural resources and I have stated clearly a plan for the wholesale expansion of our foreign trade and for the protection of our industries and for the upbuilding and safeguarding of our agriculture."

Practical Foreign Policy.

"As to our foreign policy and America's full expectation of becoming a

BOTH PARTIES WILL WIN IF PREDICTIONS HOLD OUT

New York, Oct. 24.—With H. Hays, chairman of the Republican National committee, today sent a message to all state chairmen, declaring that "we move into the closing days of the campaign with an assurance of victory as certain as the righteousness of our cause."

New York, Oct. 24.—George White, chairman of the Democratic National committee, in a statement here today forecasting the results of the election, predicted that Cox and Roosevelt will have 256 electoral votes "as good as counted," the Republicans 164, and that the Democrats will win a majority of the remaining 111.

STUDENT'S SLAYER STILL IN HIDING

Relatives Urge Brines, Supposed
Murderer of Elmer Drewes, to
Surrender Himself

Philadelphia, Oct. 24.—Very little headway was made by the police today in the search for William P. Brines, the University of Pennsylvania freshman, wanted in connection with the killing of Elmer C. Drewes, Dartmouth college senior, whose body, with a bullet through the forehead, was found on the outskirts of the city a week ago. Brines was last seen on Thursday at the home of John R. Williams, his uncle and guardian, shortly before a warrant was issued by the district attorney's office.

"We are practically marking time just now," Major S. C. Wynne, chief of the county detectives, declared tonight. "We have strong hopes that Brines knows by this time that his friends have engaged counsel for him and he has read the appeals for him to return and give his version of the shooting. At any rate, he now has a chance to appear and explain. If he does not I feel certain that we will be able to get him."

Mr. Wynne told the officials that if Brines communicated with his relatives he would be urged to give himself up at once and that everything possible would be done to assist him. He said he hadn't the slightest information concerning the young man's whereabouts. Brines' mother is still a patient in a local hospital. Relatives who visited here today reported her slightly improved and said she did not make any mention of her son.

FATHER MALICIOUS REPORT

Harding's Opponents Misrepresent
His Stand On Wheat Controversy
During War

Chicago, Oct. 24.—Republican National headquarters here tonight issued a statement declaring Senator Harding's opponents "were widely and mendaciously circulating reports that the senator opposed guarantees to the American farmer of more than a dollar a bushel for wheat during the war." Statements made by the senator have been garbled so as to misrepresent his views, the statement said.

The facts are that Senator Harding voted to guarantee the farmers \$2.50 wheat, while President Wilson when the power was placed in his hands, fixed the guarantee ostensibly at \$2.50 though as a matter of fact the farmer got much less than that, continued the statement.

JEWIS MAX AMALGAMATE

New York, Oct. 24.—The national council of the Young Men's Hebrew association and the national executive committee of the Jewish Welfare board in separate meetings here today passed resolutions favoring amalgamation in the promotion of a communistic movement throughout the country. Dr. Forrest Adler of Philadelphia, national chairman of the Jewish Welfare board, said definite plans for the work will be formulated in a joint meeting of the organizations to be held soon.

member of a wise association of nations, with the preservation of our own independence and natural spirit. I have given a conscientious and practical proposal.

"I have stated that I am wholly against the proposal to approve our membership to the League of Nations, as our opponents insist that it shall be written. Even in the hands of our opponents that program is impossible. Even were our opponents to be elected, it would result in a hopeless blockade as a sequel to the one which the President of the United States has carried since the peace treaty was submitted to the representatives of the people for approval."

"I have endeavored to serve in this campaign, not merely to be elected, but to set before the American people sincerely and clearly a definite policy for the administration of the United States to bring our people out of the jungle of mismanagement and into the light of a stable good fortune. I have endeavored to serve, doing what I could to harmonize public opinion and unite America behind a foreign policy which shall be wise, generous and human, though it refuses to mortgage America to the world."

"We do not know what our opponents stand for; I stand for a united America, a human America, and efficient America, America first."

VOTERS DEMAND LEAGUE PLEDGE

RATHER NOT DEFER

Now, and Not After Election, Is
Time to Secure Commitments,
Adherents Contend

New York, Oct. 24.—More than 50 supporters of Senator Harding and Governor Cox, Republican and Democratic Presidential candidates, tonight joined in an open letter to them asking their pledge to work, if elected, for the United States entry into the League of Nations with whatever revision of the League reservations two-thirds of the next senate may approve. Asserting that the "approaching national election may be indecisive of the dominant issue of the campaign and leave the vital question of our entry into any league or association of nations still deadlocked in the senate or between the senate and the White House with decision more hopeless than before," the letter said:

"Believing that now and not after the election when new partisan alignments, new ambitions and new animosities may make it doubly difficult, is the time to secure the commitments against such a damaging situation, we are giving our earnest support to the reasonable and thoroughly practical proposal contained in the question which we now present to you as follows:

"If the election fails to provide the required two-thirds vote in the senate for our entry into a league or association of nations for the preservation of peace upon a basis more satisfactory to you, will you advise and support our entry into the existing League of Nations with the League reservations or with such revisions of them as two-thirds of the senate may approve?"

"Whatever may be our individual preference as to the form of the settlement of the League of Nations question, or whether it is to be a league or a new association of nations, is not the vital concern in this proposal. An affirmative answer to it would call for no fulfillment of it until after one side shall have exhausted every reasonable effort to enter the existing League of Nations with mild or merely interpretative reservations and the other side shall have tried every fair expedient to supplant the league with a new and different world organization for the preservation of peace or to enter it after thorough revision by the adoption of other revisions or amendments."

RUSSIA MAY ADOPT OWN UNITED STATES

Possibilities of a New Central
Government Loom Big, as Bol-
sheviki Breakdown Continues

Washington, Oct. 24.—A United States of Russia is now looked for by officials here as the most likely possibility among forms of government to follow dissolution of the Soviet regime.

Official advices today said the Bolshevik breakdown was rapidly continuing in Russia. The movement of decentralization, which began in the breaking away of the Baltic, Caucasian and Siberian states from the mother empire, as a result of disturbed internal conditions, has begun afresh within the territory ruled by the Soviets. It was stated.

In Russian Turkmen, provinces only loosely knit together in the past, are constituting more or less independent governments, the report said, the latest to declare their independence being Khiva and Bokhara.

A new central government roughly after the form of the United States of America, it is believed here, might include even kingdoms such as have been recently established in Turkmenia, together with the socialist forms represented by the republics carved out of Siberia and forming now the far east republic.

KING'S CONDITION GRAVE

French Specialist Joins Other Physi-
cians at Bedside of Grecian
Ruler at Athens

Athens, Greece, Oct. 24.—The condition of King Alexander remains most grave. Professor Delber, the French specialist, arrived today and immediately held a consultation with the other physicians in attendance on the King.

Premier Venizelos when interviewed today said he hoped for King Alexander's recovery but that it was necessary to be prepared. He believed Prince Paul, brother of King Alexander, would not be prevented from taking the throne by former King Constantine, as Constantine, he declared, would learn from the coming elections that there was no prospect for his return and that it was useless for him to bar his son from the throne.

The premier asserted that English or French candidates for the throne were not being considered.

GOMPERS ADVISES LEAGUE SUPPORT

Labor Chief Declares Covenant
Constitutes Labor's "Bill of
Rights" in Open Statement

Washington, Oct. 24.—Replying to a question from William Michaels of Tulsa, Oklahoma, labor leader, as to what effect the League of Nations as advocated by the American Federation of Labor would have upon the laboring people of this country, Samuel Gompers, president of the federation tonight wired that the labor provision of the covenant constitute labor's "bill of rights" and is "a document for humanity."

After pointing out that the federation at its 1919 convention had unanimously voted an endorsement of the League of Nations and quoting in full the preamble on nine points of the covenant labor section, Mr. Gompers urged American workers should support the League because its provisions would confer "lasting benefits upon the wage earners of the world" and is "a great international effort to forward those measures that make for the improvement of the standards and health of the people in all signatory nations."

Mr. Gompers' statement was supplemented by a statement from the Federation's non-partisan political campaign committee, further expressing what was termed the viewpoint of labor. All opponents of the League, the statement declared, would be classed either as extreme reactionaries, or extreme radicals.

This position of the radicals, the statement asserted, is a viciously false one, as the League "facilitates and encourages evolutionary development and progress" and provides "the best possible check against turbulent and unhealthy upheaval of destructive character."

FOREST FIRE STILL RAGING

Preserve of Adirondack League Club
Near McKeeville Is Threatened
With Destruction

Utica, Oct. 24.—Forest fires raging in the vicinity of McKeeville, are reported tonight as threatening the preserve of the Adirondack League club. A strong wind is carrying the blaze in the direction of the club property and at our point the fire is only a mile away.

Fire wardens who have been combating the flames since this morning were endeavoring tonight to confine the fire to a triangular stretch of 1,000 acres.

The villages of McKeeville and Thendara are believed to be in no danger, as they are on the opposite side of Moose river, which is counted upon to check the spread of flames in that direction.

Glen, Falls, Oct. 24.—Rain is needed in the Adirondacks to aid in the work of fighting forest fires which have been raging for several days and to prevent others from breaking out. The fire at Glen, which started Saturday, is under control tonight, having burned over 425 acres.

O'Keefe, who, for years had been in charge of a parish which included this post and the village of Highland Falls, adjoining. Rev. Francis E. Duffy, chaplain of the 65th regiment, delivered the oration.

STRIKE STATUS ISENCOURAGING

Hope of Settlement Prevails as Re-
sult of Direct Negotiations Be-
tween Contending Factions

CONFERENCES HELD

Home of David Lloyd George Is
Scene of Secret Meetings
Throughout Sunday

London, Oct. 24.—(By The Associated Press).—Premier Lloyd George, cabinet members and representative of the striking coal miners, conferred for three hours in the premier's official residence in Downing street today and after the miners' delegates had departed, the cabinet members continued in session with Mr. Lloyd George. Frank Hodges on leaving with the other representatives of the miners, said the discussion would be continued.

After the meeting with government leaders the miners' executive body went into conference which lasted until 4:30 p. m., and then adjourned until tomorrow afternoon. The conversations with Mr. Lloyd George and other members of the government will be resumed in Downing street tomorrow morning, it was announced.

Hope seemed to prevail that there would be a settlement of the coal strike as a result of the renewal of the direct negotiations between the miners and the government. Meanwhile neither side has disclosed the nature of these negotiations, but, according to unofficial reports, Premier Lloyd George suggested a new formula with which to satisfy the government that if a two shilling advance in wages was conceded, it must be accompanied by an increased output.

At a conference this morning, in addition to Mr. Lloyd George, the government representatives present included Andrew Bonar Law, the government leader in the house of commons; Sir Robert S. Horne, president of the board of trade; the minister of mines; the coal controller, and other experts. Robert, president of the Miners' Federation; Frank Hodges, and Herbert Smith represented the miners. The conference was quite informal, no official stenographer being present.

Mr. Lloyd George outlined a number of ideas which he suggested might ultimately lead to a peaceful solution of the situation. While the conference was in progress, Baron Stanfortham, the private secretary of King George, arrived and remained for a brief period.

One indication of hopeful turns in the tide of affairs was afforded tonight by a report from a well informed source that the government contemplates postponing the introduction in parliament of its emergency bill, which would virtually place the country on a war basis.

didate Returns from Upstate Tour

Mr. Miller predicted unprecedented Republican majorities in the sections visited in both national and state contests and expressed his belief that many Democratic votes would be pulled for the Republican candidates.

IDENTIFY REMAINS OF SLAIN BANDIT

Bank Robber Killed in Cleveland,
Ohio, Was Albert Johnson,
Alias Joyce

Cleveland, Oct. 24.—Positive identification of Albert Johnson, alias Joyce, the bandit killed in the holdup of the Bedford branch of the Cleveland Trust company, as one of the two men who robbed him of between \$50,000 and \$200,000 in jewelry and diamonds in Buffalo October 8, was made tonight by Maxim Lowenthal, Buffalo jewelry salesman.

Lowenthal also identified platinum mountings found on Mrs. Mildred Johnson of New York, mother of the dead bandit, but could not identify the unset diamonds.

Mrs. Johnson is being held as a suspicious person, but, according to Chief Assistant Prosecutor William J. Corrigan, Lowenthal's identification of the jewelry will result in the woman being indicted for receiving stolen property.

Johnson's connection with the Buffalo jewelry robbery was established by identification of the body by Clarence Miller, Buffalo taxicab driver. Lowenthal was robbed by Johnson and another man who followed him to Buffalo from Cleveland. As Lowenthal stepped from a street car, the two robbers leaped from the taxicab and after beating the salesman, took his two sample cases, pressing the revolver against Miller's head, the robbers forced him to drive around Buffalo, finally throwing him from the machine and escaping.

COX CONFIDENT OF FINAL TEST

"Frankly, I Expect to Be Elected,"
Democratic Presidential Nomi-
nee Says at New York

RAPS PROPAGANDA

Governor Flays Stand Taken by
Forthcoming Issue of the
Saturday Evening Post

New York, Oct. 24.—After a 40-hour visit, which has campaign managers declared had won New York, Governor Cox of Ohio left here this afternoon for the last week of his campaign speech making before the presidential election.

Before entraining for West Virginia and thence to Indiana, Kentucky and Ohio, the Democratic candidate for president expressed "entire confidence" in the outcome of the campaign. "Frankly, I expect to be elected," the candidate said. In one of his five speeches yesterday and today he reiterated his conviction to those who called to pay their respects to him a Mrs. Cox at the hotel in which he stopped here.

Assails Saturday Evening Post.

Just before leaving the hotel for the Pennsylvania terminal, where his special train waited, Governor Cox issued the following statement:

"Propaganda is not effective when it is labeled, but in the guise of facts it strangles the truth and moulds the minds into which it is introduced as facts. The American people discovered this during the war and finally they put upon disloyal propaganda the label which destroyed it."

As I am just now in possession of a specimen of propaganda of this very sort. It is an advanced copy of the Saturday Evening Post, known to a great public as a disinterested journal. In all its history its stated purpose has been to present the facts and atmosphere of political situations and to refrain from controversial positions. In this spirit the Saturday Evening Post has been admitted as counselor and friend into millions of American homes.

"But the number of this magazine which is to be distributed next week Thursday, the last number before election, suddenly throws off the cloak of non-partisanship."

"For the first time in its history, it resorts to the devices of partisan editorials and insidious cartoons to create a sentiment for the Republican ticket. In the cartoons I am represented as a newsboy, inventing a false and sensational happening for the purpose of selling my wares. My opponent is depicted as kindly and wise. The impression is sought to be created that I am irresponsible, Senator Harding grave and reliable."

Imposes Upon American People.

"Why has the Saturday Evening Post done this? Why has it betrayed its mission at the last minute of the eleventh hour of this campaign? The people know the answer. It has done this thing because its owner is one of the plutocratic group which knows what it wants of the next administration and how to get it from a syndicate which controls Senator Harding. It has done this because its owner is head of a movement which has sought a subsidy from the government for the delivery of national magazines. The Saturday Evening Post has imposed on the confidence of the American people, won by a long record of non-partisanship and has become a Republican journal because the profiteers who escaped government taxes by diverting to it millions of their revenues in advertising want my opponent elected."

"Those subscribers who in good faith have admitted this journal into their homes all over the United States will turn its venal counsels out of doors."

The last week of the campaign will be spent by Governor Cox in states where the struggle is reported tense—Ohio, West Virginia, Indiana and Kentucky. Tomorrow the Governor will make nine speeches in West Virginia, at Hinton, Beckley, Mt. Hope, Fayette, Montgomery, Haven, Creek, Charleston, St. Albans and Huntington.

Most of the remaining part of the campaign will be spent in Ohio, Indiana will be visited for the fifth time by the Governor next Thursday with a night speech at Indianapolis. Next Saturday night the candidate will speak at Chicago and close his campaign on the evening before election at Toledo.

Corporal Tanner Ill.

Corporal James Tanner has been
confined to his home in Washing-
ton, D. C., suffering from a severe at-
tack of the diphtheria, since his re-
turn from attending the National En-
campment of the Grand Army at
Indianapolis, Ind., where he answered
roll call for the forty-fifth year with-
out a break, a record held by no
other men in the organization.
Friends, who are members of the
legion in Oneonta and Schoharie coun-
ties, will hope that the pluck and grit
that have ever been characteristic of
Corporal Tanner will enable him to
overcome the attack and that he will

THE MILK POOLING PLAN.

Local Dairymen Generally in Favor of
Co-operative Association's Scheme.The majority of farmers in Oneonta
and vicinity are in favor of the milk
pooling plan according to sentiment
expressed at a largely-attended and
lengthy meeting of the local Dairy-
men's league held Friday evening at
Municipal hall. The principal speak-
ers were J. D. Beardsley of New Ber-
lin, county president of the league,
and H. M. Kilpatrick of Roxbury, state
treasurer, who explained the new plan
in detail.When a dairyman signs the milk
pooling contract, he agrees to turn
over his milk to the Dairymen's League
Co-operative association, Inc., and to
accept his pro rata share of the pro-
ceeds of all the milk handled by the
association. The farmer agrees to
pay \$10 a cow if he fails to deliver his
milk as directed, and if the default
continues for more than one month,
\$3 per cow as long as he refuses to
deliver; he agrees that the association
shall "deduct from the proceeds of
such sales such uniform percentages,
together with such other sums as may
be necessary to cover interest, over-
head, depreciation, guarantees, and
all such other expenses as may be rea-
sonably estimated as essential to be
incurred by the association in conduct-
ing its operation, for which no cer-
tificates are to be issued."Messrs. Beardsley and Kilpatrick
secured several contract signatures Fri-
day evening, but a number of farm-
ers held off until they could have more
time to investigate the league's plan,
hesitating to allow somebody else to
handle their own milk. It is believed
that most Oneonta farmers, however,
are for the pooling plan, which is
aimed to eliminate the middleman, in
this case the dairy companies.

NO. FRANKLIN FARMERS FALL.

Brothers Resist Arrest but Are Sub-
dued by Patrolman Harry Cross.Two supposedly quiet and respected
North Franklin farmers got hold of
water last night and immediately were
transformed into rip-roaring Jack
Dempseys. It took a member of the
local police force to subdue them,
however, and they were locked up in
the city jail for the night.As Patrolman Harry Cross, in plain
clothes, was coming up Main street to
police headquarters to go on duty at
about 9 p. m., he saw two men cir-
cling around in the middle of Main
street, at the corner of River, evidently
having a jolly good time. The sym-
ptoms were conclusive, so Cross stepped
up to one of the pair and, show-
ing his badge, told him to "come
along." This request did not appeal
to the gentleman aforementioned, so
he started in with his fists, his com-
panion coming to his aid. As Cross
was without his club or other weapon,
he resorted to his fists also and for a
time there was a hot old battle.
Cross finally succeeded in laying low
one of the men with a well-directed
punch and when the other drunk saw
that he was without assistance he be-
came more submissive.With the aid of pedestrians who
saw the officer's plucky fight, the two
were transported in an automobile to
police headquarters, where they were
duly docketed and confined to the jail.
They gave their names as August
Schmitt and John Schmitt, brothers,
of North Franklin. Each carried a
sizable roll and each also had two
checks, one running into three figures.
They will be arraigned before Judge
Huntington in city court this morn-
ing.Aside from a torn sweater, Cross
came out of the melee unscathed.

Forest Fire on Laurens Road.

A forest fire that at one time
threatened to be of considerable
proportions raged early last night on
the hills back of the Laurens road,
a few miles west of the city. At 10
p. m., however, it was reported that
the fire had been gotten under control
and was fast dying out. A large num-
ber of farmers living in the vicinity
fought the flames with brooms and
other implements, fearing that should
it spread further, farm buildings might
be endangered. Just now much damage
to timber the fire caused could not be
learned.As the blaze was in the vicinity of
"Billy" Winney's farm, some persons
who saw the red sky thought at first
that it was a pre-election celebration.

Baptist Every Member Canvass.

The Main Street Baptist church con-
ducted an Every Member canvass yes-
terday afternoon for subscriptions to
meet the church budget. More than
45 church workers called at the home
of practically every member of the
Main Street church in the city, but
reported later that they found about
50 per cent of them a-sent, the de-
plorable weather apparently being re-
sponsible. The workers reported a
generous response wherever they met
church members.

DURING PAST WEEKEnglish Strike Situation and Rapid
Decline of Commodities at
Home, Responsible FactorsNew York, Oct. 24. — A significant
feature last week in the securities
market was the continuance of the
broad demand for new capital issues of
recognized worth in the face of condi-
tions which affected further deprecia-
tion of speculative shares.The stock market almost as a whole
was dull and often unsettled, mainly
because of the acute industrial situa-
tion in England, and the more rapid
decline of many leading commodities
in home markets.Apart from the strong inquiry for
new investment issues, however, there
were several reassuring factors, espe-
cially the enormous crop yields. These
are being easily handled as a result of
the pronounced improvement in trans-
portation conditions.The most cheerful note respecting
industrial prospects was voiced by
Chairman Gary of the United States
Steel corporation at the semi-annual
meeting of the American Iron and
Steel Institute. In many other branch-
es of industry the retrograde move-
ment of the past two months found
longer expression in further slowing
down or actual suspension of opera-
tions.Technically, the stock market is said
to rest on a sounder foundation than
at any time since the latest wave of
deflation got under way. This is at-
tributed to the belief that stocks are
mostly in strong hands, with substan-
tial reductions of brokers' loans.Opinions vary as to the course of
the money market for the balance of
the year. Much depends, it is said,
on the trend of general trade, whose
requirements, however, will prob-
ably be subordinated to the needs of the
transportation systems.On all sides it is agreed that politi-
cal conditions have exerted less influ-
ence for or against quoted values than
at any period since the presidential
campaign of 1916.

A Man's Choice

IN the days of "Honest Abe," among the men who fought back the savage and hewed out clearings for their log cabins, "Old Warnick" was a favorite smoke.

It's the same today. No frills or fancies. No costly, pretty package. Just a pure, honest tobacco. Only finest grades Kentucky Burley, blended, nature-aged in the wood, simply cut and packed, and that's all. Flavored only with Nature's sweetness, fragranced only with Nature's aroma—it's a man's tobacco, loved by good men today the same as in the '60's.

WORLD-WIDE GUILD BANQUET

First Baptist Church Society Given Banquet Saturday Evening — First World Wide Guild Banquet to Be Held in the Northern Baptist Association — About 60 Present.

Saturday evening, at the First Baptist church, the Woman's Missionary society and the Young Woman's Missionary societies of the church served a delicious banquet to the World Wide guild. The tables were arranged in the form of a W, and were tastefully decorated with Halloween favors, of yellow and white. Lighted candles also added greatly to the appearance. There were about 60 seated at the tables who were members of either the Crusaders, the Junior or the Senior classes of the guild. This is the first banquet to be given to the World Wide guild in the Northern Baptist association.

Following the banquet a program was opened by singing by the members of the guild of "God Bless Our Guild," after which new members for the Crusaders class, were taken in "Onward Christian Soldiers," was then sung by the Crusaders class. Graduates to the Junior class from the Crusaders class were presented by Miss Alice Nye, Counselor, after which an address of welcome was rendered by Mrs. David Woodward, the Junior Counselor. New members for the Junior class were then presented and taken in. The presentation of the graduates of the Junior class to the Senior class was followed by an address of welcome by the president of the guild, Miss Mildred Whitney. Following another song by the guild, Mrs. Farley presented to the classes Miss Barrett, a Normal teacher, who gave an interesting address, using as her subject "One Girl's Influence." The success of the banquet does Mrs. Farley much credit, as in many other similar occasions at the church. The banquet was closed by a prayer by the pastor of the church, Dr. Farley.

PAINS NEARLY DOUBLED ME UP

Nothing Helped Me Until I Took Lydia E. Pinkham's Vegetable Compound.

Wyandotte, Mich.—For the last four years I have doctored off and on without help. I have had pains every month so bad that I would nearly double up. Sometimes I could not sweep a room without stopping to rest, and everything I ate upset my stomach. Three years ago I lost a child and suffered so badly that I was out of my head at times. My bowels did not move for days and I could not eat without suffering. The doctor could not help me and one day I told my husband that I would not stand the pain any longer and sent him to the drug store to get me a bottle of Lydia E. Pinkham's Vegetable Compound and threw the doctor's medicine away. After taking three bottles of Vegetable Compound and using two bottles of Lydia E. Pinkham's Sensitive Wash I could do my own housework. If it had not been for your medicine I don't know where I would be to-day and I am never without a bottle of it in the house. You may publish this if you like that it may help some other woman. —Mrs. MARY STREDE, 120 Orange St., Wyandotte, Mich.

BOYS' GANG ROUNDED UP

TEN YOUTHS IN COURT FOR MALICIOUSNESS IN RIVER STREET SECTION.

Alleged to Have Terrorized Neighborhood With Stone Throwing and Other Disregard of People's Rights—One Pays \$10 Fine, Five Are Paroled, and Four Others Are Held for Further Examination This Morning.

People who thought that juvenile delinquency was on the wane in Oneonta got an awful shock Saturday, when ten boys, ranging in age from 14 to 19, were brought before Judge Frank C. Huntington in city court, charged with being ungovernable children. All but four of them were given suspended sentences and placed under parole, after receiving a stern warning from the judge that, had it come a few weeks earlier from the parents of the lads, might have prevented them suffering the disgrace of being arrested.

The ten boys who were arrested were Frank Amato, Andy Creeger, Claude Heller, William Keeble, Emory McAdams, Selam Mosser, Edward Paden, Edward Patnode, Arthur Sager and Theodore Sager. Practically all of them had been in city court on one or more previous occasions.

The ten boys are alleged to compose a gang that has troubled residents of the Lower River street section, around Fonda avenue, for months past. From all reports, they thought up nearly conceivable form of devilry, not even stopping when it came to destruction of private property. Many broken window panes and torn-up lawns are believed to be traceable to the operations of this gang of urchins, whose common weapon was stones and bricks. They also marked up buildings and the Fonda avenue foot viaduct with chalk and crayon and made themselves general nuisances about the neighborhood, the police say.

All the lads admitted their guilt when brought before Judge Huntington Saturday, and were sternly reprimanded. Theodore Sager, one of the oldest of the boys and said to be the ring leader, was fined \$10 and given a suspended sentence of 30 days in the county jail. Five of the others, and younger, boys were let go after agreeing to reform, and were placed in the custody of local parole officials. The four youths remaining were placed in the detention room at the Municipal building for a further hearing in court this morning, when it is probably that one or two of them will be sent to industry.

This is the largest round-up of ungovernable boys that has been carried out by the police department in several years, but the authorities are determined to put a stop to wilful destruction of property by gangs of hoodlums.

Perfect Work of Relief Corps.

Mrs. Sum H. Carver of Binghamton, department inspector for the Woman's Relief corps, was in Oneonta Saturday evening, for the annual inspection of the E. D. Farmer corps. There was a large attendance at the meeting, which was held in Odd Fellows' hall, and the entire ritualistic work of the corps was given and pronounced perfect by the inspector. During her sojourn in Oneonta, Mrs. Carver, who returned home Sunday, was the guest of Mrs. C. J. Westcott, who has been president of the local corps for 26 years.

No Word of McKimney.

No word was received by The Star or police headquarters over the week-end as to the progress of the hunt for William McKimney, alleged auto thief, who, with a companion, escaped from the Plattsburg jail last Friday after having been indicted for larceny and burglary. The authorities are still conducting an extensive search for him but have as yet been unable to locate him.

Franklin, Oct. 24. — David Shaw, aged 75 years, died at the home of his wife's brother, Alfred Ogden, in this village, Saturday afternoon at 4:30 o'clock, after a long illness. He was taken seriously ill last January and never recovered, having been confined to his bed since the first of May.

THRIFT AND PRODUCTION.

The importance of the practice of thrift and savings on the part of the people of this nation as a means of keeping the industries at capacity production and of helping to raise the foreign trade was emphasized in a lecture presented by John McHugh, vice president of the Mechanics and Metals National Bank of New York to the 46th annual convention of the American Bankers' association, which has just closed in Washington. Mr. McHugh, who is also chairman of the Commerce and Marine committee of the association, has given the subject of savings and economy considerable thought and is of the conviction that if this nation is to maintain a leading position in world trade, it is up to the people to save and invest safely.

"The key to financing America's foreign trade, is the practice of thrift," said Mr. McHugh. "A nation that does not save wisely cannot hope to maintain and increase its financial prestige in the world any more than an individual who does not save and invest his savings prudently can hope to stand well financially among his fellows."

"From an American production estimated to have an annual value of \$70,000,000,000, it would appear reasonable that a small percentage could be saved to become a potential investment in such an enterprise."

Through investing in Government Savings securities, people could not only help raise the capital so vitally needed to the prosperity of this nation, but they invest it in a security which is backed by the entire resources of the United States and which is not subject to any market fluctuations as it increases in value each month it is held by the investor.

THE GREATEST MOTHER.

Both Republican and Democratic Presidential nominees favor making the election of the "Greatest Mother" unanimous. Senator Warren G. Harding recently expressed the following wish for the success of the annual Red Cross Roll Call:

"Noting that your membership roll call for this season is impending, I have wanted to express my very earnest sympathy for your cause and my hopes that it may be forwarded by the coming campaign."

"If in all the world there is an organization more entitled to be regarded as doing good universally and doing nothing else at any time or any place, I do not know what it may be."

"It would be peculiarly a misfortune, if the Red Cross, with its magnificent organization and splendid purpose of useful achievement, should lose any measure of its efficiency because the special interest and enthusiasm of war time has ceased. Your organization has been built to serve humanity, and humanity needs its service in peace, just as it did in war. My wishes for all success go out to you."

Governor James M. Cox paid this tribute to the Red Cross:

"I have been and shall always continue, a staunch friend and supporter of the American Red Cross, the agent of humanity, dispenser of aid, and doer of good deeds."

RADICAL CHANGE AT E. J.

Harold Albert's Band Must Pay Expenses or Disband.

A program of retrenchment in the recreation department of the Endicott Johnson corporation was arranged at a conference between George I. and George W. Johnson whereby the more conspicuous features of the department's activities will be placed on a self-supporting basis. Apparent lack of appreciation on the part of the employees of the corporation of the corporation's expenditures is attributed as the primary cause of this action. The conference was attended by Harold F. Albert, president of the corporation, and Walter E. Johnson, athletic director.

The salary of the athletic director of the department is to be reduced from \$10,000 to \$8,000 per annum, and the salary of the athletic director of the department is to be reduced from \$10,000 to \$8,000 per annum, and the salary of the athletic director of the department is to be reduced from \$10,000 to \$8,000 per annum.

The big work of the department is to be done by the athletic director of the department, and the salary of the athletic director of the department is to be reduced from \$10,000 to \$8,000 per annum, and the salary of the athletic director of the department is to be reduced from \$10,000 to \$8,000 per annum.

Mr. Fisher has been named as the athletic director of the department, and the salary of the athletic director of the department is to be reduced from \$10,000 to \$8,000 per annum, and the salary of the athletic director of the department is to be reduced from \$10,000 to \$8,000 per annum.

The new retrenchments in the department are in line with what has gone before this year. For example, the charge of an admission fee at the dance at Ideal pavilion and the non-employment by the Endicott Johnson corporation of several bands that it employed last year.

DEATH OF MRS. E. M. H. GATES

Distinguished Author Dies in New York City—Former Resident of Oneonta and Well Known Here.

Mrs. E. M. Huntington Gates, wife of the late Edwin Isaac Gates, and a sister of the late Col. P. Huntington of New York and Solon Huntington of Oneonta, died Friday evening at her home, 11 West 81st street, New York City. She was born 84 years ago in Torrington, Conn., and when a young girl came with her brothers to live in Oneonta, where the years of her girlhood were spent. She had been for many years a resident of New York City, spending several weeks each summer at Colchester, the country home of her niece, Mrs. E. D. Lewis, on South Side. She returned only a few weeks ago to New York from her latest sojourn here, and though somewhat enfeebled by age, her friends noted the continued brightness of her intellect and had no thought of so sudden a termination of her life. Her critical illness, it is stated, followed a fall which on Tuesday of last week she suffered. Mr. and Mrs. Lewis, who were notified, left at once for New York City, and were with her until her death.

The funeral will be held at three o'clock this afternoon at the church of the Intercession, New York City. Mr. and Mrs. Lewis, Mrs. Mae Washburn and Miss Marion Yeger of this city will be present at the service.

Mrs. Gates was a woman of rare attainments in literature, and her poems are known and everywhere remembered. Not great in number as compared with many another writer, they possessed a rare quality of genius and of poetic art which made them one and all memorable. "The Home of the Soul," "Eternity," "The Prodigal Child," and "Sleep Sweet" are among them, and her "Eternity" was translated into many languages and was an especial favorite of President Lincoln. She was a frequent contributor to Harper's Magazine and other periodicals, and was the author of two collections of poems, "The Treasures of Kurlum," and "To the Upland Peoples." One of her poems, in the latter volume, is reprinted at the head of the local column in The Star this morning, as being peculiarly appropriate on the day of her burial.

Fine as was Mrs. Gates as an author, she was not less so as friend and woman. She was always most genial and companionable, and even in her later years she made and remembered friends. But always the poetic mind, which perhaps loved best the minor chord which comes from contemplation of other days, turned in her to childhood memories, and those of her younger womanhood. Perhaps her finest bit of monody is the poetic "Helen, Helen Dear," which embalms the memory of a day of life's springtime spent with Helen, daughter of the late E. R. Ford, who is buried in the Riverside cemetery. The scene of the poem is laid in the stone house on Main street, then and for many years known as the Ford mansion; and doubtless many readers of The Star will recall a poem printed a few years ago in these columns in which she set to tuneful verse her recollections of "Miss Herick's School," a which, with other misses of her day, Mrs. D. J. Yager, who is the "Emogene" of her lines, was also a pupil.

All her life Mrs. Gates kept a kindly memory of Oneonta, and only a year ago she presented to the municipality the handsome stone rest benches which are an invitation to repose on many street corners of the city. In this community hers will be an abiding memory.

Mrs. Gates is survived by one daughter, Mrs. H. Granville Barker, wife of an English actor. Henry E. Huntington of New York, Mrs. E. E. Holliday of San Francisco and Mrs. F. D. Watkins of this city are in addition to Mrs. Lewis and Mrs. Washburn before mentioned, nephews and nieces of the deceased.

Its Counteracting Qualities.

Attorney Owen C. Becker of Oneonta is an earnest advocate and a strong Republican. His two qualities counteracted each other the other day at the court house and saved what might have been a trying situation. Mr. Becker in summing up a case before the jury, in his ardor, went so far as to call the opposing plaintiff a liar. The short and ugly word did not please the gentleman to whom it was applied and later in some heat he accosted Mr. Becker in the ante-room. The attorney, noticing that the aggrieved party was wearing a Harding and Coolidge button, held out his hand. "Yes, Mr. Blank, I did call you a liar, but I think you set one; but on the other hand the button you wear on your coat shows me that your judgment is excellent." Everybody laughed and the men shook.—(Otsego Farmer.)

Visits Old Home Town.

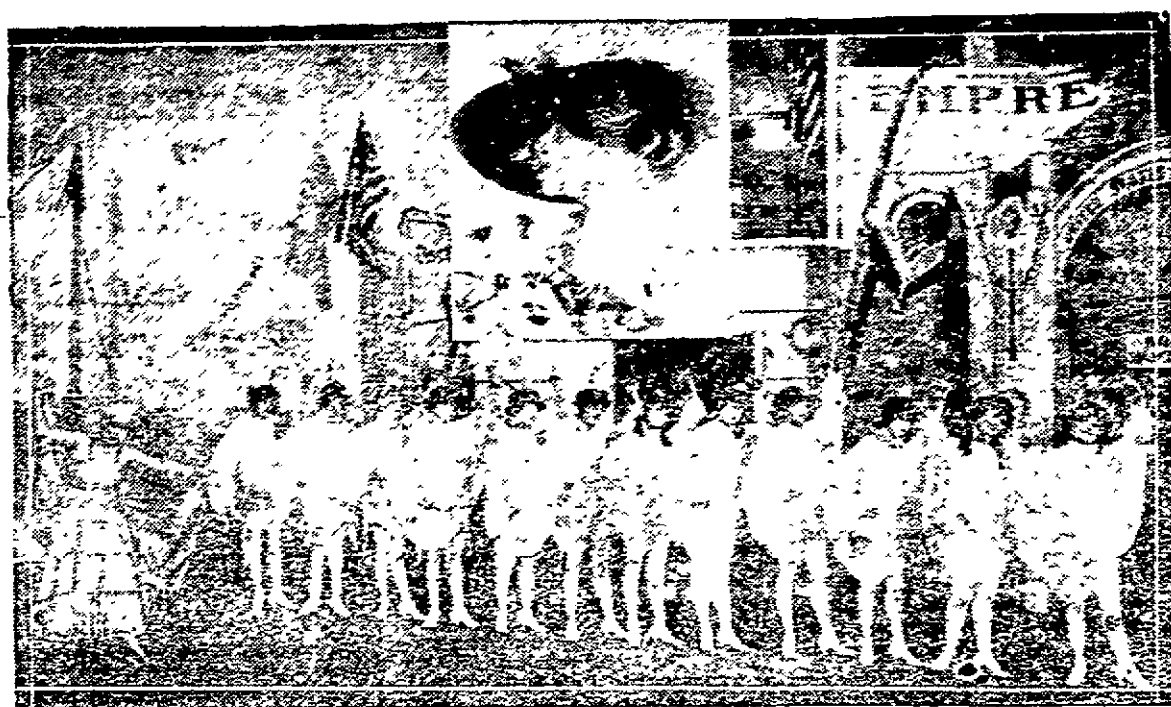

Harry Rockwell, of Buffalo, brought to the State Normal school, a recent caller in his old home town, Mr. Upton, and gave an interesting address in the Baptist church in that village. The church was full and he held his audience spellbound during his trip abroad and of his visiting the battlefields of France, and also of his experience in being from London to Paris via the sea.—(Saraty Record.)

Highway Work in Franklin.

Construction work on the state road in Franklin has been completed, and most of the former laborers sent to other jobs. But men have been retained to clean up the sides of the road, to build gutters, erect bridges, and do other mending work. When the work to the state road at Unadilla is built it will give this valley an outlet that will enhance the value of every piece of property in town.—(Dailyman.)

TWO IMPORTANT GATHERINGS
COUNTY MEETINGS OF HUMANITARIAN INTEREST HELD AT COOPERSTOWN.

Society for Prevention of Cruelty to Children and County Tuberculosis Committee Meet at Templeton Hall.—Interesting Addresses Follow Luncheon—Much Interest Manifested.

There were two meetings of exceptional humanitarian interest held Saturday afternoon at Templeton lodge in Cooperstown—the first that of the Society for the Prevention of Cruelty to Animals, and the other that of Otsego Tuberculosis committee, which is arranging for the annual sale of Christmas seals, which is the only way in which its work is financed and carried on. There was a good attendance at each meeting and the several addresses were a source of inspiration to all present.

The S. P. C. C. Society.

There were about 150 ladies and gentlemen, representatives of practically every part of the county, present at the luncheon which preceded the annual meeting of the Otsego County Society for the Prevention of Cruelty to Children. The repast was a delicious one and was heartily enjoyed by all; and at its close Adrian A. Pierson, president of the county society, called the business meeting to order. At the business session, the present officers were re-elected. Mrs. Arthur E. Ford, Mrs. E. W. Elmore and Mrs. H. W. Lee were elected to the board of 30 directors, the two latter to succeed Mrs. W. W. Capron and Mrs. A. L. Kellogg, resigned.

In the absence of the treasurer, Hon. Charles Smith, his report was read by Harris L. Cook esq. The report shows receipts of about \$4,500 during the year and a balance of \$622.61 on hand. The first speaker was Miss Ida Curry, of the State Charities Aid association, who paid fitting and well deserved tribute to Miss Hazel M. Foster, the county agent, for her efficient service in a cause of so much importance to humanity, and closed with a plea for juvenile courts and widows' pensions. She was followed by Supreme Court Justice Tuttle of Binghamton, who said the money expended in this work was the best investment which could be made. He emphasized the splendid work which has been done in Broome county and laid particular stress upon the beneficial effects of prohibition. In one county, he stated, there were now but three jail inmates, and others so few that there was practically nothing for jail officials to do.

In a brief address, C. C. Flaesch esq. of Unadilla manifested his interest in this child welfare work and advocated the establishment of a domestic relations courts. In the work so efficiently being carried on, he said, all should be active workers.

The report of Miss Foster, which followed, was an interesting document and showed a total membership in the county of 1,596. Money is now being raised in the various townships and splendid reports are being received. In Oneonta, the canvass will be made the second week in November. At a later date, the full report of receipts from the various towns will be given. During the past year, the agent has dealt with 72 families with approximately 500 children. Since July 1, there has been \$500 collected for the support of children who are public charges who cannot at present be cared for at their homes. In one instance during the influenza epidemic, a mother died leaving five small children for whom the father was unable to provide. These have all found their way into excellent homes, and this prompt permanent provision has saved the county at least \$12,000, besides placing the little ones in the way to become worthy men and women. No one who heard the report would question the great work which the society is doing for humanity.

There was also a talk by Miss Florence J. Chesebrough of the Unica Child Welfare bureau, and a few timely remarks by H. L. Wardwell, to whom and to his daughter, Miss Florence Wardwell, the devoted thanks of the society were extended.

County Tuberculosis Meeting.

The County Tuberculosis committee held a meeting following the session of the S. P. C. C. at Templeton lodge. Judge A. L. Kellogg, president of the committee, was in the chair, and Miss Nina V. Short, executive secretary, gave an interesting report for the last two months, showing that much health work is being done in the county, which not only prevents tuberculosis but other diseases as well.

The Christmas seal campaign was discussed at length. The campaign is to be educational as well as financial.

Tuberculosis is both preventable and curable and the county is striving to carry out both measures. The money paid for Christmas seals is for the most part spent locally, so that in buying seals one promotes health. The Red Cross does not support this tuberculosis work, and the Christmas Seal campaign is the only way by which it can be financed.

Hon. Laverne P. Butts of Oneonta was named as chairman of the campaign. He was chairman a year ago and is fully familiar with the work. No effort will be spared to make this campaign, which is for the good of Otsego county, a great success.

The Potato Business in Worcester.

The potato warehouses are now open in this village and ready for business. The movement of the new crop is slow, due to the tendency of farmers to hold the crop. The city market reports show large receipts with prices showing downward tendencies. Digging is well under way and rot is reported in practically every field, varying from 50 per cent in lowlands to 25 per cent on higher grounds. Help is very scarce and wages high. At present, dealers are paying \$1.20 per bushel. In this section, dealers claim the yield will be reduced to about two-thirds of normal on account of disease. Several fields will be abandoned entirely.—(Worcester Times.)

Hot Lunches for Afton Students.

Commencing Nov. 1, hot lunches will be served in the High School at Afton. One hot dish will be served each day to those who bring their lunch to school. The work is under the supervision of the Home Bureau in co-operation with the Board of Education and faculty. The food will be served at actual cost.

Political Activities at Mt. Holyoke.

The undergraduates of Mt. Holyoke college at South Hadley, Mass., have no intention of letting the present political campaign go unrecognized. Party rallies are held, stump speeches are made and the politics of the parties are presented. This evening there will be a mass meeting of all parties in Student-Alumni hall, at which there will be speeches, debates and songs and afterwards a big bonfire, at which students will impersonate the various candidates, including Dems.

Miss Catherine Curtis, 22, of Oneonta, is on the committee for house organization for Harding.

No More Collection Plates.

No more collection plates are to be passed around at the Sidney Methodist Episcopal church. The plan is to put up contribution boxes at stated places in the church where members and visitors will deposit their future offerings, a box being reserved for the others.

LOCAL MENTION.

The Last Days.

Ah, Decrest, these are the last, last days.
Their moments swiftly run;
The hills are lost in purple haze.
We scarce can see the sun;
With drooping wings, through endless space,
Our old illusions flee,
And silence comes, with sacred face.
And stares at you and me.

Ah, Love, my love, in last, last days,
How sweet the roses seem;
While yet a little light delays.
Back comes the morning dream.
In tents of peace, in perfect trust
That youth may never know,
Though half our idols lie in dust,
How fond the heart can grow!
—(Ellen M. Huntington Gates.)

—There was a good attendance at the Cafeteria lunch served Saturday evening at the United Presbyterian church by the Ladies' Aid society. An excellent lunch was served and the net receipts were about \$32.

—There were six candidates at the civil service examination for rural carriers, conducted at the post office Saturday by S. E. Hopkins. The examination was for the purpose of filling vacancies in rural routes at Milford and Edmeston.

—The condition of Samuel Updyke of Carbondale, who since Thursday has been at the Fox Memorial hospital, suffering from bruises received in a fall from his caboose at Bainbridge, was yesterday reported favorable. He will, however, probably be in the hospital for several days more.

—Saturday was the banner market day in Oneonta, there being more farmers and bucksters offering their wares, and a much larger attendance of patrons. There was a great variety of products and liberal sales were made at fair figures. The next market day is Tuesday, 9 a. m. to 1 p. m.

—The fire department was called out Saturday evening by a general alarm turned in from a box on Lower River street, where a slight fire had originated in a house of that section. The fire had been put out before the arrival of the firemen, however, and their services were not needed. The damage was slight.

—The attention of taxpayers is called to the fact that today is the last day on which school taxes can be paid at one per cent. In order to facilitate matters it is asked that taxpayers have their notices ready when they present themselves at the window, thus facilitating matters and avoiding long waits on a busy day.

—The delightful autumn weather prevailing yesterday drew out motorists by the score and the macadam roads of the vicinity, especially the Oneonta-Binghamton highway, witnessed a steady stream of autos practically all day long. There was a consequent increase in motor mishaps, two considerably smashed up cars being observed by the roadside near Binghamton by one local motorist.

BELIEVE DEWAR'S CAR FOUND

NEW YORK POLICE THINK THEY HAVE CADILLAC STOLEN HERE TWO YEARS AGO.

Chief Horton Receives Letter Stating That Auto Answering Description Has Been Located in Metropolis—Car Had Long Ago Been Given Up as Lost.

The Cadillac touring car of J. A. Dewar, which was stolen from his garage on Chestnut street two years ago this month, and which long ago had been given up for lost, has been recovered, if assurances given Chief of Police Horton do not prove unfounded. Chief Horton has received a letter from the New York police department, stating that among the stolen cars that the New York force has recently gathered in, is a Cadillac car answering closely the description of Dewar's. How long the car has been lying in New York, and the story of its travels from the time it was taken from Oneonta, no doubt would make interesting reading, but of course none of this information is contained in the brief communication from New York.

Chief Horton at once got into touch with Mr. Dewar and the latter expressed his intention of leaving for New York as soon as possible to find out whether the car is really his. Efforts to reach Mr. Dewar at his home last night by telephone failed, and it is thought that he had left during the day for the metropolis to look into the matter.

It will be recalled that the Dewar car was stolen in a rather bold manner, the thief taking time to fill up the gasoline tank from another garage, and taking along a couple of extra tires. When the theft was discovered the following morning, the car was bearing a description of the Cadillac were sent broadcast over the state, but up until the past week had yielded no results. The New York police evidently had kept the car in mind, however, thus resulting in Chief Horton receiving the communication referred to above.

Mr. Dewar's investigation of the matter will be awaited with interest.

INDOOR CARNIVAL AGAIN.

Local Moose Arrange for Event at Dreamland Thanksgiving Week.

The indoor carnival and bazaar which drew such large crowds last winter will be conducted by the Moose again this year, during Thanksgiving week, according to plans announced Saturday. K. F. Keichum, of the L. O. O. M. of Pittsfield, Mass., was in the city that day and arranged for securing Dreamland hall for the occasion, this being the same location as last year. The "World of Joy Shows" will again provide amusement for the merry-makers, and this assures all in attendance a good time.

Several vaudeville acts are brought along with the show, and in addition there will be dancing every evening. No doubt the popular diamond ring contest of the last carnival will keep the girls busy again this year. Further details of the carnival will be announced later.

Western Union Wide Open.

The plate glass front of the Western Union telegraph office on Broad street was demolished Saturday when the Co-operative store's Ford truck tried to plow its way inside. Ray Mumford had cranked up the car preparatory to delivering the morning orders, when it suddenly started ahead of its own accord, before he could get into the driver's seat. The driverless "demon" headed straight for the Western Union office and did not stop until it had smashed things up considerably. The window was broken to smithereens, but the Ford escaped with slight external injuries.

"Katzenjammer Kids" Today.

Entertainment for every member of the family will be found in the newest song, dance, fun and girl show, "Katzenjammer Kids" made from the famous comic supplement cartoons and magnificently produced by George M. Gais, which will be the attraction at the Oneonta theatre today, matinee and night. There is a big fashion parade of beautiful girls dressed in up-to-the-minute feminine style creations that will surely please mother and daughter; there are Hans and Fritz, the monster bear, the playful dog and the ferocious tiger that will sure surprise and delight the kiddies.

The beautiful scenic pictures, the jingly musical numbers, the fantastic dances will appeal to the entire family, which makes "Katzenjammer Kids" a show for everyone, big and little, young and old.

Attention! Daughters of Isabella!

All members who expect to attend the Intuition dinner must secure their tickets today. Tickets may be had at the club rooms between the hours of 2:30 and 5 and 7:30 to 9 today. 1c

CONFIRMATION IN ONEONTA.

Bishop Nelson of Albany Administers Rite Sunday to 19 Candidates.

The Right Rev. Richard H. Nelson, Protestant Episcopal bishop of Albany, arrived in Oneonta Saturday evening and from 8 until 9 o'clock a reception was held in his honor at the rectory. Many members of the society availed themselves of the opportunity to pay their respects to the head of the diocese.

Sunday morning at the 10:30 o'clock service at St. James' church, a class of 19 candidates were confirmed by the bishop, who preached a timely and impressive sermon on "The Significance of the Rite of Apostolic Confirmation," his text being from Romans VIII-1: "Walk not after the flesh but after the spirit." Preceding the service the procession formed at the rectory and marched down Elm street to the church, where the class was seated in the front pews and in the chancel. The procession was led by the crucifer, the choir boys and the flag bearer, followed by the candidates and the remainder of the choir, the rector attended by two acolytes and the bishop bringing up the rear. The girls of the class were attired in white with confirmation veils, and the boys in choir vestments.

There was a large attendance at the service, every seat in the church being filled. In the afternoon the bishop confirmed a class at Unadilla and at Sidney in the evening. He will confirm at Franklin today.

Dr. Russell Again in Pulpit.

Dr. J. C. Russell was greeted by a large and appreciative congregation when he assumed his accustomed place in the pulpit of the First Presbyterian church yesterday morning, after a month's absence spent in convalescing from a serious illness. Dr. Russell preached with his old-time vigor and appeared to have fully recovered from his illness. Spiritual power was the subject of his sermon, and he referred to the great need of a renewed appreciation of the importance of religion throughout the world.

Dr. Russell announced that the usual weekly prayer services would be resumed next Thursday evening at 7:30 o'clock. It is hoped that there will be a good attendance on the opening night.

RECOVERY IS DOUBTFUL

JOSLYN BOY IN CRITICAL CONDITION AND SHOWS NO IMPROVEMENT.

Surgeons Consider Amputation of Right Leg as Means of Saving Life, But Condition Is Not Yet Favorable Enough to Warrant Operation—Two Witnesses Say Mrs. Reed Was Not Driving Over 15 Miles Per Hour.

Word from the Fox Memorial hospital late last night was to the effect that Edward Joslyn, the young son of Mrs. Joslyn, who was badly injured Friday morning on Chestnut street, was in a critical condition, with little hope for his recovery. The boy had shown no improvement in the two days he had been at the hospital. Rumors were current about the street Saturday that the lad's right leg, which suffered a compound fracture at the thigh, had been amputated, but these were without foundation. The surgeons in charge of the case, however, are considering the advisability of this step as a means of saving his life, but are waiting for him to improve sufficiently to withstand the operation.

The statement in Saturday's Star relative to the speed at which Mrs. O. W. Reed was driving her Dodge car when the accident occurred at once brought several witnesses of the accident to Mrs. Reed's defense. E. R. Preston of 350 Chestnut street, who was driving behind Mrs. Reed on Chestnut street Friday at the time of the accident, said that she was not going more than 15 miles an hour. Milton Walsh, of the Walsh bakery, who was coming in the other direction, substantiated this statement, although he said that Mrs. Reed had to put on a little extra speed to get past the wagon in front of her and then back on her own side of the road. She was then forced to apply the brakes to avoid running into a car ahead of her, and it was at this point that the car skidded on the wet macadam and struck the Joslyn boy.

Both men thought that the estimate of Edwin Baldwin, who was driving the team which Mrs. Reed passed, that the Reed car was going 20 miles an hour, was much out of the way, adding that to a man in a wagon the auto probably seemed to be going much faster than it really was. Preston and Walsh both agreed that the misfortune was purely accidental and that under the circumstances Mrs. Reed did all that she could to avoid hitting the lad. They said that after the accident, Mrs. Reed went at once to the assistance of the stricken youth and later carried him to the hospital in her own car.

The many friends at West End of the Joslyn family will regret the misfortune that has befallen them and join in the hope that Edward will rally from his critical condition.

Yes you can have such a phonograph

Let us show you the Certificate of Authenticity which Miss Corder has signed. This is the outstanding fact which comes to you out of the memorable tone-test recital given Sunday evening, Oct. 17, in the Oneonta theatre. A new era in music is here. Mr. Edison has lifted the phonograph to the dignity of a new art.

You can no longer be satisfied with a phonograph that imitates. Now you want a phonograph that equals the human voice.

You know there is such a phonograph. Mr. Edison made an astounding test with the Official Laboratory Model of the New Edison Re-Create Miss Corder's voice in direct comparison with her living voice. So realistic was the New Edison's performance that people in the entire audience could distinguish between Miss Corder's living voice.

You can buy your New Edison on a Budget Plan which so distributes the payments that you'll hardly feel them.

GOOD WILL TRIUMPHANT UNDER TEST

As this message is being written, Dodge Brothers' daily, weekly and monthly production, is at the highest point in its history.

The most casual sort of inquiry will satisfy you that this production is being absorbed as it is delivered.

Within sight and sound as we write, a great addition to Dodge Brothers' immense works, is being rushed to completion.

The interesting thing about this situation is, that it is not likely that a half a hundred people have ever bought Dodge Brothers Motor Car just because they wanted a motor car.

Of the more than half a million who have bought it—the overwhelming majority did so because of the name it bore.

It has always been treated, by the American people in particular, as an exception—always set apart, and singled out, and never judged by ordinary standards.

It has always been thought of, and is still thought of, first, and foremost, and all the time, only in terms of its goodness, and the results it gives.

All of this is wonderful, in one way, and quite natural and logical in another.

It all dates back to the day when John and Horace Dodge conceived and designed and finally built the car—after warning each other, and their associates, not even to think of it in any other terms than the best obtainable value.

They began with a few almost absurdly simple principles, bluntly expressed and rigidly executed, about decency and honor and integrity—

such as most of us wrote in our copy books at school.

They reduced these old copy book maxims to a splendid and scientific system, pouring more, and more, and still more value into the car, and then marshalling all the resources of modern massed manufacture to get their product into the hands of the people at an honorable and an honest cost.

These policies and principles have never been changed, and never will be changed, by so much as a hair's breadth; and they have come to be recognized and accepted as Dodge Brothers principles wherever motor cars are driven.

It has all happened as John and Horace Dodge planned it—quite simply, naturally, and automatically, all over America, and all over the world.

People do discriminate, as Dodge Brothers contended they would; people will find out when a motor car is well built and gives good service and great good value.

Dodge Brothers market today is where they planned to locate and establish it—in the mind and the heart of every man and woman who admires good work, well done.

It will last, and it will keep on growing, as it has kept on growing for five years (faster than Dodge Brothers works could keep pace with it), as long as the number of those who believe that a manufacturer should build to serve and not merely to sell, continues to increase.

All is well with Dodge Brothers today, because John and Horace Dodge build well in the beginning, and because their business will continue to build well until the end.

A fortunate "Tip" by our New York representative allowed us to get in on the ground floor in the forced sale of one of New York city's manufacturers of Ready To Wear Garments. We made a special trip to the "Big City" to personally inspect these garments, and after finding them of the highest grade in point of materials, styles and tailoring, secured a block of the garments, for spot cash, at prices below manufacturers' cost.

We brought these goods back with us to offer to our customers at prices that will equal pre-war times and at such reductions that will mean much towards bringing merchandise back to normal.

In order to do our bit to smash the high cost of wearing apparel we will again, for one week, offer our entire stock at sale prices, which means a general reduction representing from 15 to 33 per cent.
